This application is in condition for allowance except for the following formal matters:

See below.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

The disclosure is objected to because of the following informalities: In paragraph 99, second sentence of the specification, applicants do not refer to the "p" level for the reduced plasma insulin for energy restriction as compared to the basal diet, indicated in figure 11 with a "+". The examiner suggests the insertion of "($p < .001$, Figure 11)" before the period ending the second sentence.

Appropriate correction is required.
